

Report by registered nurse

20. (1) A registered nurse who has knowledge, from direct observation or objective evidence, of conduct deserving of sanction of another registered nurse shall report the known facts to the Director of Professional Conduct Review.

(2) A person or a corporation, partnership or association that terminates or imposes restrictions on the employment of a registered nurse based on direct knowledge of the registered nurse's conduct deserving of sanction shall report the known facts to the Director of Professional Conduct Review.

(3) An action shall not be brought against a registered nurse, person, corporation, partnership or association or its directors or officers for the sole reason that he or she or the corporation, partnership or association complied with this section.
